

# **Year 7 Experience Day**

## Magic Mountain by Claire White

I am Magic Mountain and I have always been. I watch over my sky and my sea and my lands. My people have always been and I watch and protect them. They care for me and my sky and my sea and my lands and they watch and protect me. My women people give life to young people at another mountain and I watch and protect them. My men people must not watch my women people give life but they must grow young men people to be men people and I watch and protect them. My people walk my lands and I watch and protect them. My people then rest and I watch and protect them. I am Magic Mountain and I have always been.

## Acknowledgement of Country

Miami State High School would like to acknowledge the traditional custodians of this land, the **Kombumerri Saltwater People** and the land on which we meet.

We would like to acknowledge the Aboriginal and Torres Strait Islander people in our school and the First Nations peoples of other countries who call Miami High home.

We pay our respects to the Elders who hold our stories and the stories of the Kombumerri Saltwater people. The Elders pass down our culture. For without our Elders we wouldn't have our connection to country, tradition and language.

Miami High School is the site of great significance for the Kombumerri Saltwater people. It is a place of connection through the land, the water, and animals.

We pay our respects to all Elders, past, present and emerging.
