

# MIAMI SHS Sport Report

The 2017 Annual Miami SHS Track and Field Carnival was held on Friday 21 July. The day was a great success with a high number of students attending and participating in each age group. The age champions and winning house were announced at assembly after the event. Students who finished in 1<sup>st</sup> place (12 years) or 1<sup>st</sup> and 2<sup>nd</sup> place (13 years - Opens) for each qualified for the Oceanic Cross Country Championships held on 10 and 11 August at Griffith University. Good luck to these competitors! Their results will be in the next newsletter. A massive thank you must go to both the staff who helped on each event, recording and behind the scenes. The House Captains also went above and beyond on the day helping to set up the carnival at 7.00am and coordinate their relay teams. The House Captains are also running a lunch time Touch Football Competition over the next few weeks.
