

MIAMI SHS Sport Report

The 2017 Annual Miami SHS Cross Country Carnival was held on Tuesday 2nd of May. The day was a great success with a high number of students attending and participating in each age group. The age champions and winning house were announced on assembly after the event. Students who finished in the top 8 of their age group have now qualified for the Oceanic Cross Country Championships on May 25th. Good luck to these runners! Their results will be in the next newsletter. A massive thank you must go to both the staff who helped on the course, recording and behind the scenes. The House Captains also went above and beyond on the day helping to set up the carnival and coordinate their representatives for the Diffuse the Bomb Challenge. The House Captains have a busy term ahead with not only school carnivals but also organising and running a lunch time Soccer Competition over the next few weeks.
